

PreZero

gives plastic waste
a new life

- ☐ We transform plastic waste into high quality materials for industrial production
- ☐ Tailored products to satisfy specific **customer needs**
- ☐ We contribute to the **reduction of emissions** with recycled material as a substitute for virgin material
- ☐ We promote **circular economy** and sustainability

All with the same common goal:

“ For our customers' success we give global plastic waste a new life to make the world a better place! ”
